Interior photography is for inspiration and shows similar surfaces. Tile colours are indicative: please view a physical sample before you specify.

The Architect's Ecosystem

A comprehensive, versatile toolkit designed to solve spatial challenges. By combining exact formats with contrasting finishes, the collection offers absolute control over interior atmospheres.

Finish

(Matt / Polished) – The manipulation of light and texture

Format

(600x1200, 800x800, 400x800 mm) – The manipulation of spatial scale

Tone

(Neutrals to Veined Marbles) – The manipulation of atmospheric mood

Formats Engineered for Space

Tiles shown to scale. Colours indicative.

600x1200 mm: Grand & Monolithic.

Ideal for feature walls and floors; minimises grout lines for seamless expanses.

800x800 mm: Classic & Expansive.

The premium standard for wide-open palatial floor coverage.

400x800 mm: Agile & Versatile.

Bridges the gap between intimate wall applications and varied flooring patterns.

I

The Matt Collection

Tactile Tranquility

Engineered to absorb light, the Matt series creates serene, understated and organically warm environments. With its soft, tactile finish, it grounds spaces in quiet elegance.

Matt Porcelain | 600x1200 mm

Whites & Greys

II

The Polished Collection

Luminous Luxury

Engineered to reflect and amplify light, the Polished series enlarges spaces and brings intricate marble veining to brilliant life. The ultimate statement of high-end architectural luxury.

Polished Porcelain | 600x1200 mm

The Light Greys

053P
600x1200 mm

809P
600x1200 mm

036P
600x1200 mm

017P
600x1200 mm

019P
600x1200 mm

Pale greys with delicate veining. A luminous, high-gloss finish that reflects light and opens up a room.

Polished tiles photograph with reflections, so colour and veining are best judged in person.
