Tel: 07345 330370 | info@plovertrade.co.uk

Specification compiled from manufacturer data. Confirm batch, shade and stock before ordering.

Specified for the trade.

A focused collection of 16 engineered oak and walnut floors in 4 ranges, chosen for tilers, fitters and small building companies.

ACROSS THE WHOLE COLLECTION

25-Year Warranty

Suitable for any domestic room, except bathrooms

Underfloor heating compatible

The ranges

Arden range

6 floors · 20mm · 190–220mm wide

Our thickest planks: 20mm with a 6mm oak wear layer, in long, wide boards.

Ashbourne range

5 floors · 14mm · 125–190mm wide

The core range: 14mm engineered oak, including rustic-grade and random-length options.

Langley range

4 floors · 14mm/15mm · 90–150mm wide

Herringbone / parquet blocks, including a click-fit option for floating installation.

Trafalgar range

1 floor · 14mm · 190mm wide

Engineered black walnut, 14mm with a 3mm wear layer, in 190 × 1900mm planks.

How this brochure is arranged

Floors are grouped by tone – Light, Medium, Dark – then listed by thickness (thickest first) and width (widest first). Each floor is shown from our own sample boards, with its code, size, finish and how it can be fitted.

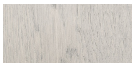

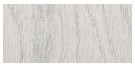

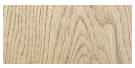

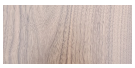

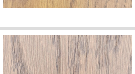

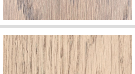

Light tones
5 floors · page 4

Medium tones
5 floors · page 5

Dark tones
6 floors · page 6

The collection at a glance

16 floors, grouped by tone, then thickness and width. Please quote the product code when ordering.
